

PRODUCT

Integrity II Mopping System

DESCRIPTION

Designed for small area cleaning and disinfecting, Integrity II Mopping Systems' unique bucket-in-bucket concept isolates soiled contaminants from cleaning and disinfecting agents.

The swivel mop frame delivers continual surface contact at any angle and is accurately balanced and non-flipping. The light weight handle is ergonomically designed and is fully adjustable to accommodate preferred working posture. Stainless steel wringer exerts and distributes pressure evenly over the whole mop head for precise moisture control.
